2. Basis of Preparation and Presentation

These unaudited interim condensed consolidated financial statements ("interim financial statements") were prepared using the same accounting policies and methods as those used in the Company's consolidated financial statements for the year ended December 31, 2020 (the "2020 Consolidated Financial Statements"). These interim financial statements are in compliance with International Accounting Standard 34, Interim Financial Reporting ("IAS 34"). Accordingly, certain information and footnote disclosure normally included in annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"), have been omitted or condensed.

The preparation of financial statements in accordance with IAS 34 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements have been set out in Note 2 of the Company's 2020 Consolidated Financial Statements. The notes presented in these interim financial statements include only significant changes and transactions that have occurred since the last fiscal year. Accordingly, these interim financial statements should be read in conjunction with the Company's 2020 Consolidated Financial Statements.

The Company's operating results are subject to seasonal fluctuations that may be materially impacted quarter to quarter and, thus, one quarter's operating results are not necessarily indicative of a subsequent quarter's operating results.

The policies applied in these interim financial statements are based on IFRS issued and outstanding as at June 30, 2021. The Board of Directors authorized the interim financial statements for issue on August 10, 2021.

Term Debt Facility

In June 2014, the Company entered into an agreement with a syndicate led by the National Bank of Canada ("NBC") to provide a \$50,000 credit facility that is principally secured by a general security agreement over the Company's assets.

In March 2015, the Company entered into an amended agreement with the syndicate led by NBC that increased the credit facility by \$35,000 (\$30,000 increase to the term debt facility and \$5,000 increase to the revolving facility) and extended the term from June 6, 2017 to June 30, 2018. Other terms were substantially consistent with the existing credit facilities.

In June 2017, the Company entered into a second amended agreement with the syndicate led by NBC that reduced the term debt facility from \$50,000 to \$40,000 (as a result of principal previously repaid), reduced the quarterly principal installment from \$1,250 to \$1,000 and extended the term from June 30, 2018 to June 14, 2021. Other terms were substantially consistent with the existing credit facilities.

In March 2019, the Company entered into a third amended agreement with the syndicate led by NBC which had the effect of excluding the impact of IFRS 16 on certain covenant calculations, and thereby maintaining accounting definitions in effect when the credit agreement was first entered into in June 2014.

In June 2020, the Company entered into an amended and restated credit agreement with a syndicate led by Royal Bank of Canada ("RBC") to replace the Company's existing credit facilities which reduced the credit facility to \$35,000 (from \$75,000) and extended the term from June 14, 2021 to June 30, 2022. Effective June 30, 2020, NBC ceased to be an administrative agent and a lender to the Company and assigned its right and obligations to RBC, in its capacity as administrative agent.

Notes to the Interim Condensed Consolidated Financial Statements (In thousands of Canadian dollars, except for per share amounts)

In June 2021, the Company entered into an amending agreement with the syndicate led by RBC to extend the term of the Company's credit facility to June 30, 2023.

The total \$35,000 facility that matures June 30, 2023 is made up of the following:

- \$5,000 revolving facility which bears interest at prime plus a margin percent. As of June 30, 2021, \$nil was drawn
 and outstanding on the revolving facility (2020 \$nil). Letters of credit issued under the facility totaled \$625 as of
 June 30, 2021 (December 31, 2020 \$625).
- \$30,000 term facility which bears interest at prime or Banker's Acceptance (at the Company's option) plus a margin
 percent and is repayable in quarterly principal installments of \$563. This facility was fully drawn upon signing the
 amended and restated credit agreement.

At June 30, 2021, \$22,400 of the term facility principal balance outstanding was in a banker's acceptance bearing interest at prime plus a margin percent and the remaining \$100 was in a prime rate loan. The effective interest rate on the Company's long-term debt on June 30, 2021 was 4.16%.

During the three and six months ended June 30, 2021, the Company incurred \$85 in finance costs to amend and extend the credit facility. Financing fees incurred as part of the Company's debt origination and modifications have been recorded as a reduction in the carrying amount of the debt and deferred and amortized using the effective interest method over the remaining term of the facility.

The amended and restated RBC facility is subject to certain financial and non-financial covenants which were substantially carried over from the previous credit agreement and the Company is in compliance as at June 30, 2021. Under this facility, the Company is subject to a cash flow sweep that could accelerate a certain amount of principal repayment based on a calculation outlined by the credit agreement not later than 120 days after the end of each fiscal year.

8. Leases

The Company has many leases of which it is a lessee. The major categories of leases are building leases for the Company's fixed wireless services, data centre leases for colocation and cloud service offerings, network equipment, corporate offices, and warehouses. Lease terms vary by category and range from 1 to 15 years.
